

**Josh Lisko**, Career Coach in the Office of Career Services, is a proud Ohioan hailing from the northeast corner of the state where he attended Youngstown State for both his undergraduate and graduate degrees. His role at OWU gives him the opportunity to help students develop career skills and find opportunities that meet their career goals.

As an avid lover of all things outdoors, Josh often spends his free time exploring as many wild places as he can. Currently, he and his wife, Amy, are working towards visiting 29 of the 58 National Parks — they are almost halfway to their goal. When out exploring, Josh enjoys venturing off the beaten path and picking up trash from our public lands to leave them a little more beautiful.

Josh currently lives in Gahanna, Ohio, and when not exploring the outdoors, he can often be found gardening, reading, or running with his lab-hound rescue, Louie.

### How and Why to Enable 2-Step Verification?

Most people only protect their accounts with a password. However, with 2-Step Verification, you'll protect your account with your password and your phone. If anyone manages to steal or guess your password, they'll also need to have your phone to get into your account.

We have 2-Step Verification enabled on OWU BishopApps, our Google G Suite for Education domain, to provide additional protection.

It is recommended that you enable it on your account, which consists of receiving a text message with a code or responding to a prompt to access your account on a new computer/device. You'll only need the second step every 30 days on devices that you trust. It's easily enabled or removed, and there are a few options for the second step.

# Our new partner: **AVI Fresh**

Ohio Wesleyan University's new food provider is ready to serve you with small-batch, locally sourced, fresh food.

## WHAT'S STAYING THE SAME?

Hamilton-Williams Marketplace, Smith Dining Hall, Bishop Café, Science Center Café, and Merrick Café all will remain as dining venues, but all will feature new menus with more locally sourced food and more made-from-scratch items cooked in smaller batches to maximize freshness and allow for more customization.

Merrick Café will continue to offer favorites from the We Proudly Serve Starbucks line and transition into a Starbucks in Fall 2019 and accept the Starbucks rewards program.

The T-Store in Thomson Hall will feature students' favorite late-night snacks as well as new fresh-food options. The T-Store also will continue to offer convenience items that may be purchased with debit dollars.

You'll still see familiar faces in the dining halls. Many Chartwells employees have joined the AVI team.

We remain committed to continuing and increasing sustainability on campus. The green meal box option will remain, and reusable silverware and dishes will be used in Smith.

## WHAT'S CHANGING?

New stations in Hamilton-Williams Marketplace and Smith Dining Hall including — homemade gelato in Smith, sushi, a smoker for deli meats and BBQs, made-to-order donuts, and more.

Specific areas in both the Marketplace and Smith Dining Hall that focus on options for people with dietary restrictions (gluten-free, allergies, halal — to name a few).

Stuy Café and the Ham-Wil Bakery are closing. We know everyone will miss them, but with the new offerings in the Marketplace and Smith Dining Hall, these venues are less necessary. (Did we mention, made-to-order donuts?!)

## HOW IT WORKS:

OWU employees are able to purchase discounted blocks of meals to be used at the Faculty-Staff Dining Room or AVI's anytime dining locations (Smith Dining Hall and Hamilton-Williams Marketplace).

You also can add debit dollars to your account to buy individual meals at the anytime dining options or other on-campus venues, including Faculty-Staff Dining Room, Merrick Café, Bishop Café, and the T-Store.

Any balances on your individual employee cards or departmental cards will carry over.

The door price for lunch in the FSDR is \$7.50, and is an all-inclusive price that includes the soup and salad bar, hot entrée selections with accompaniments and desserts. Soup/salad will no longer be sold separately. Payment forms include Block Plan Meal Swipe (one swipe is one entry), Dining Dollars, Cash or Credit. As in the past, students may join a faculty or staff member as a guest.

You are able to reload your ID card with a Block Plan or Dining Dollars at any time using the Get website: [get.cbord.com/owu](http://get.cbord.com/owu)

On the website, enter your OWU credentials and it will direct you to a page to load Block Plan Meal Swipes or Dining Dollars with a credit card.
