## Bishop Externship Opportunities: Spring 2020

### City of Delaware – Public Utilities, Delaware, OH

<b>Sponsor:</b>	Janelle L Valdinger '19
<b>Title:</b>	GIS/CMMS Technician
<b>Dates of Externship:</b>	March 9-13
<b>Organization Website:</b>	<a href="http://www.delawareohio.net/">http://www.delawareohio.net/</a>
<b>Organization Description:</b>	<p>The Public Utilities Department consists of six divisions; water treatment, water distribution, wastewater treatment, wastewater collection, storm water conveyance and watershed management. These are among the most critical services the City provides to its residents and customers. The divisions provide efficient distribution of safe drinking water, an environmentally proactive wastewater collection system, and wastewater treated to meet, and exceed EPA standards.</p> <p>The water treatment division has reinvested in its treatment and distribution systems to meet quantity and quality needs. Steps have been taken to ensure quality drinking water for the near future through the new membrane water treatment plant and the Penry Road wellfield. The distribution division maintains the City's water towers, performs leak detection and maintenance of the water mains for reliable delivery of drinking water and to meet fire flow requirements for effective fire suppression. The wastewater treatment division continues to meet the challenges associated with protecting public health and meeting increasing EPA regulations. The wastewater collection division maintains the pump stations and performs sewer line maintenance and inspection, ensuring the safe and reliable removal of wastewater from homes and businesses.</p> <p>The key to an efficient public utility system is having a single repository for all data. Intelligent public utility management begins with GIS (Geographic Information Systems). The Public Utilities Department uses GIS in conjunction with a workorder management system to manage</p>

	assets, analyze system performance, optimize workflows, and collaborate within the department and across various city divisions.
<b>Areas of Interest:</b>	Geography/GIS, Energy / Utilities, Government, Information Technology
<b>Targeted Majors:</b>	Government, Geography/GIS
<b>Experience Range:</b>	Students will apply spatial principles learned in their academic coursework to a professional work experience. Students will acquire practical knowledge and work skills over the course of the externship. Students will build critical thinking, research, and writing skills by assisting with multiple projects developed in collaboration with Public Utilities staff.
<b>Other Info:</b>	Business Casual Dress

## Bishop Externship Opportunities: Spring 2020

### **Strong Women, Strong Girls, Pittsburgh, PA**

<b>Sponsor:</b>	Rachel Vincigerra `14
<b>Title:</b>	Monitoring, Evaluation & Learning (MEL) Manager
<b>Dates of Externship:</b>	March 9-13
<b>Organization Website:</b>	<a href="http://swsg.org/">http://swsg.org/</a>
<b>Organization Description:</b>	<p>First conceived of as a student organization at Harvard University in 2000, Strong Women, Strong (SWSG) is a multigenerational mentorship organization for women and girls. SWSG champions the aspirations and potential of girls from under-resourced communities through innovative mentorship experiences grounded in the lessons of strong female role models. Its mission is to empower girls to imagine a broader future through a curriculum grounded on female role models delivered by college women mentors, who are themselves mentored by professional women.</p> <p>Established in Pittsburgh in 2006, SWSG has developed into one of the region's largest mentorship organizations, having created more than 3,000 mentoring relationships over the last decade. SWSG Pittsburgh now serves nearly 700 girls annually at 40 program sites. Every year, more than 250 college women from six partnering universities serve as a cohort of volunteer mentors. Interest in SWSG from local professional women has grown exponentially since its founding leading to nearly 100 professional women in the city participating in the current program year.</p> <p>Since its birth in Pittsburgh, SWSG has seen the transformation girls undergo through the program and their continued commitment to encourage the next generation of young girls. Elena Frye attended Minadeo Elementary School and suffered at the hands of bullies as a third grader. Minadeo was one of the first sites in Pittsburgh where SWSG delivered programming and when Elena found out about SWSG she said she finally found a safe space. She said, "It was such a big part of my life and it was so valuable to have a safe space where I wasn't afraid of being pushed away from other people." Ten years later, Elena is now a mentor with the Carnegie Mellon University SWSG chapter and has a professional woman mentor of her own through the program.</p>
<b>Areas of Interest:</b>	Business, Communications, Non-Profit, Social Services, Social Justice, Data Science

<b>Targeted Majors:</b>	SOAN, Social Justice, Women and Gender Studies, Psychology, Communications
<b>Experience Range:</b>	An extern with SWSG would work primarily with Rachel in the Monitoring, Evaluation & Learning department. In that capacity (and pending their acquisition of Criminal Record, Child Abuse, and FBI clearances) the extern would be able to shadow and support on-the-ground data collection from girls in our program which could include: focus groups, interviews, arts-based evaluation, or surveys. The extern would be invited to attend any relevant community events and partner meetings held that week. Further the extern would have an opportunity to meet one-on-one with other members of the staff and to inquire about their positions openly including our Executive Director. Depending on the activities of the week, there may be opportunities for the extern to participate in an element of programming, development, or communications as well. If interested, the extern could work on a blog post about what they learn which might be posted on the SWSG blog.
<b>Other Info:</b>	<p>Business Casual Dress</p> <p>There is free street parking available near the office. The office is located nearby the University of Pittsburgh and Carnegie Mellon University as well as the Pittsburgh Theological Seminary which may all have housing options for students.</p> <p>If the extern would like to see the program in action with our 3rd-5th grade girls, they will have to require Pennsylvania Act 33 and 34 clearances (this can be done online for free). If they have not lived in Pennsylvania for the past 10 consecutive years, they will also need to obtain an FBI clearance with fingerprints.</p> <p>I hope to make the experience as relevant as possible for the student so if they have specific requests or areas of our work they'd like to see and be involved in, I will do my best to design the experience to those areas.</p>

## Bishop Externship Opportunities: Spring 2020

### The Columbus Foundation, Columbus, OH

<b>Sponsor:</b>	Dan Sharpe '06
<b>Title:</b>	Vice President for Community Research and Grants Management
<b>Dates of Externship:</b>	March 9-13
<b>Organization Website:</b>	<a href="http://www.columbusfoundation.org/">http://www.columbusfoundation.org/</a>
<b>Organization Description:</b>	The Columbus Foundation serves nearly 3,000 individuals, families, and businesses that have created unique funds and planned gifts to make a difference in the lives of others through the most effective philanthropy possible. The Columbus Foundation is Your Trusted Philanthropic Advisor® and one of the top 10 largest community foundations in the United States.
<b>Areas of Interest:</b>	Social Service, Non-Profit Management
<b>Targeted Majors:</b>	Government, Law, Non-Profit, Social Services
<b>Experience Range:</b>	The Community Research and Grants Management team works on the grant making functions for The Columbus Foundation. The Externship will provide an opportunity to learn an immense amount about the social service, business, and civic needs in Columbus, while also learning the processes and priorities of a community foundation. Externship opportunities are often able to be tailored to specific student's interest areas after learning more through an interview process. Externship will include a balance of shadowing, research opportunities, networking, and visiting nonprofit organizations.

## Bishop Externship Opportunities: Spring 2020

### Yale Peabody Museum of Natural History, New Haven, Conn.

<b>Sponsor:</b>	Greg Watkins-Colwell '91
<b>Title:</b>	Collections Manager – Vertebrate Zoology
<b>Dates of Externship:</b>	March 9-13
<b>Organization Website:</b>	<a href="https://peabody.yale.edu/">https://peabody.yale.edu/</a>
<b>Organization Description:</b>	Academic natural history collection with public exhibits and programs. Founded in 1866, The Peabody Museum of Natural History at Yale University is among the oldest, largest, and most prolific university natural history museums in the world.
<b>Areas of Interest:</b>	Zoology, Museum Studies
<b>Targeted Majors:</b>	Zoology, Museum Studies
<b>Experience Range:</b>	Externs who participate in the Division of Vertebrate Zoology at Yale Peabody Museum of Natural History will experience a variety of activities relating to the operations of a vertebrate collection at an academic natural history museum including specimen preparation, database entry, safety training, collection moves, and other routine activities. Dealing with specimen loans and inbound collections may also happen during that week as may collection-related staff meetings. Effort is made to expose the Extern to as many different aspects of natural history museum careers as possible, with a strong focus on the vertebrate zoology aspect. <b>Ideally, externs should have some experience with the OWU Zoology collection.</b>
<b>Other Info:</b>	Business Casual Dress Externs will be required to complete several safety training courses online and to complete online documentation for visiting undergraduates working in a Yale lab. This should be done prior to arriving on campus. Additionally, visitor ID cards are issued.
