## Rojas receives grant and publishes book of poetry

Dr. Juan Armando Rojas, Associate Professor of Spanish and Chair of MFL received the Mellon Digital Scholarship Grant to create a digital map of Hispanic American literature and urban art. The grant has allowed Rojas to hire two students as Research Assistants—Miranda Dean and Jocelyne Muñoz. Also, Rojas' latest poetry book, *Santuarios desierto mar / Sanctuaries Desert Sea*, published by Artepóetica Press in New York arrived hot from the press this week. You can find it at:
